PROFESSIONAL SUMMARY

Mechatronics Engineering student with a strong interest in electrical systems, circuit design, and the integration of mechanical and electronic technologies. I possess solid analytical and problem-solving skills, complemented by hands-on experience in electronics, CAD design, and technical project development. My career aspirations focus on automation, intelligent systems, and innovative engineering solutions that bridge the fields of mechanics, electronics, and control engineering.

EDUCATION

Faculty of Engineering, Assiut University

2024 – 2029

B.SC in Mechatronics Engineering

CGPA: 3.74 / 4.0 | Grade: Excellent

EXPERIENCE

ASME Asyut Student Section

2026 – Present

- Gained hands-on experience in mechanical design using SolidWorks through practical modeling work.
- Studied core engineering topics like gears, materials, and screws, and developed technical reports to strengthen analytical and documentation skills.

PROJECTS

Fire Fighting Car

2026

Role: Electrical Wiring & Connections

Bus Management System

2026

Role: Automation & Workflow Developer

SKILLS

Technical: Electrical Wiring, Electronics, Mechanical Design, FEA, Sheet Metal, PCB Design, AI automation

Software: SOLIDWORKS, AutoCAD, Ansys, Arduino IDE, MATLAB, C++, python, KiCAD, n8n

Soft Skills: Problem Solving, Analytical Thinking, Teamwork, Continuous Learning

Language: Arabic, English

CERTIFICATIONS & AWARDS

CSWA, CSWP, CSWPA Sheet Metal, CSWA Simulation

Dassault Systèmes
